

Partner Profile – Corporate Group

Our Corporate Practice represent public and private companies, equity investors, lenders, and other parties in various merger or acquisition activities, divestitures and other reorganizations. Clients seek our attorneys' advice in strategically planning and structuring transactions to insure that environmental, government regulation and other requirements are met. We are seeking to expand our relationships on both the private client and institutional client side. We provide comprehensive due diligence services and utilize proven processes to provide clients with a successful execution and closing of transactions. Our attorneys have extensive experience in transactions involving a variety of industries including general manufacturing, multimedia, real estate, professional service organizations and biomedical companies.

The Opportunity

We are currently seeking an experienced Partner-level attorney or small practice group with portable business in the range of \$500,000 to \$3 million to join our growing Corporate Practice Group. The target candidate will have a strong transaction practice. The practice could include a strong middle-market client base and and/or an institutional client base. This is an outstanding career opportunity for a partner seeking an entrepreneurial, collegial environment with attorneys that believe in a tenacious, yet practical approach to representing their clients.

Qualifications/Skills Required

- Significant background and experience in corporate law
- Experience in counseling clients on business issues
- Superior communication skills
- Excellent interpersonal skills, with an ability to interface with colleagues and clients at all levels, by virtue of professional competence, integrity, and personal style
